Biokult 2010 Grüner Veltliner Receives 89 Points from Wine Review Online

Dear Friends,

We are pleased to announce that the **2010 vintage [Biokult Grüner Veltliner](#) recently received an 89 rating** from the prestigious [Wine Review Online](#), published by Robert Whitley.

"Made with organically-grown grapes, this is a bright, refreshing Grüner Veltliner, with crisp fruit flavors and just a hint of pepper in the bouquet to add intrigue. It's not as complex as the best examples of this popular Austrian varietal, but it is very well-balanced and enjoyable, and comes at an extremely fair price." 89
Paul Lukacs, Jul 12, 2011

About the Winemaker

The Michlits family is one of the most creative and influential organic wine

growing families in Austria. Headed by Werner and Angela Michlits, their products and production methods are

revolutionary for the region. Not only have they been able to understand and implement the use of non-trimmed vines in the region, but **the use of biodynamic methods** and the translation of these into new production standards are awe inspiring.

The family owned cattle herd of over 50 Angus beef combined with organic/biodynamic wheat production are the most important

tools to improve the soils and the vines that grow on them. Over the last few years the soils have been able to regain their original vigor and diversity.

The 2010 vintage is now available. Please let me know if you would like to [receive a sample](#) bottle of this wine, or if you have any additional questions about these or any of our fine organically grown wines.

Sincerely,

Edward Field
