Spanish Rosé is an Elegant and Refreshing Summer Alternative

Dear Friends,

We are delighted to announce that the successful 2010 vintage of our Tarantas Spanish Bobal Rosé has just arrived in the states and is ready for distribution. **Tarantas Spanish Bobal is Spain's Number-One Selling Rosé.** Tarantas Rosé is made from 100% certified organic Bobal grapes. Bobal is the most widespread variety in the wine region of Southeastern Spain and accounts for 80% of production. Bobal has become the star variety of the Denomination of Origin of Utiel-Requena.

BOBAL Grape has High Resveratrol content

Resveratrol (Polygonum Cuspidatum), obtained from red grapes, Japanese knotweed root, and other plant sources, has been found to have a host of beneficial health effects, such as **anticancer**, antiviral, neuroprotective, **anti-aging**, anti-inflammatory and life-prolonging effects. **The Spanish Bobal grape contains some of the highest Resveratrol levels of all wine grape varieties.**

Tasting Notes:

Quality, dry reflection. Intense, fruity, strawberry notes. Fresh, balanced, fruity sensation. Quality notes of acidity. Authentic back taste with medium persistence. Recommended with paella, salads and pastas.
